### DEMOCRACY OF TEXAS

Meets at City of Dallas to Name  
Nominees For Offices.

### ATTENDANCE GREAT.

Judge Cockrell of Dallas County is  
Chosen as Temporary Presiding  
Chairman and W. P. Hobby  
of Harris Secretary.

Dallas, Aug. 14.—At the fair grounds  
auditorium, having a seating capacity  
of 3,000, and with no vacant seats, the  
Democratic state convention was  
called to order at noon to-day.

It was the largest concourse of  
people ever assembled at a political  
convention in Texas that faced Hon.  
Frank Andrews, chairman of the ex-  
ecutive committee of the state Demo-  
cracy, when he rapped for order. Rt.  
Rev. A. C. Garrett, Episcopal bishop  
of the diocese of Dallas, was intro-  
duced. The prelate invoked the bless-  
ings of heaven upon the convention.

Mayor Smith, on behalf of the city,  
bade the delegates and visitors a hea-  
rty welcome to the city.

Judge Clarence Martin of Freder-  
icksburg, in happy language, responded  
to the welcoming address.

Temporary organization was effect-  
ed by the election of Hon. J. E. Cock-  
rell of Dallas county as chairman; W.  
P. Hobby of Harris, secretary; Rob-  
ert Barker of Bexar and Mark Logan  
of Hamilton, assistant secretaries;  
Pat O'Keefe of Dallas, sergeant at  
arms, with five assistants.

Judge Cockrell was escorted to the  
chair by Judge Maxey of Grayson  
county, Hon. T. H. Ball of Harris and  
Hon. Hampson Gary of Smith.

Mrs. Murdock addressed the con-  
vention in behalf of the old women's  
home to be erected by the Daughters  
of the Confederacy.

The entrance of Senator Bailey was  
the signal for great cheering. For  
thirty minutes the senator addressed  
the gathering, his remarks being lib-  
erally punctuated with applause. He  
said the Democratic nominee for pre-  
sident has already been selected by the  
great mass of the people—"the great  
leader who led us twice to defeat, but  
never to dishonor—and who is certain  
of success two years hence." The sen-  
ator touched upon both national and  
state issues and laid particular stress  
upon the Democratic party always and  
all the time proclaiming the great  
principles upon which its foundations  
are laid.

Senator's reference to Hon. W. J.  
Bryan produced the wildest enthus-  
iasm, delegates and visitors waving  
hats and handkerchiefs.

After adoption of motion Temporary  
Chairman Cockrell announced the  
committees on credentials, permanent  
organization and order of business,  
platform and resolutions.

### WAGES, HOURS, LABOR

some Interesting Statements Have  
Been Presented

### OF INTEREST TO ALL

Increase in the Amount of Weekly  
Payroll as Well as in the Num-  
ber of Those Who Are  
Mechanics and Artisans.

Washington, Aug. 14.—A report was  
issued by the bureau of labor of an  
investigation into wages and hours of  
labor in 1905 in the point of manufac-  
turing and mechanical industries of  
the United States. The report gives  
the average wages and hours of labor  
and the number of employes in identi-  
cal establishments in both 1904 and  
1905. While the figures presented are  
not exhaustive for the United States,  
the report says:

"It is believed they are fairly repre-  
sentative of the industries investigat-  
ed."

Continuing, the report says: "The  
reports of this investigation show that  
in 1905 the average wages per hour  
in the principal mechanical and man-  
ufacturing industries of the country  
were 1.6 per cent higher than in 1904;  
that the average hours of labor per  
week are the same as in 1904, and  
that 6.3 per cent more persons were  
employed in the establishments investi-  
gated. There was no reduction in the  
average hours of labor, per week. The  
average weekly earnings per em-  
ployee were 1.6 per cent higher than in  
1904.

"As there was an increase in the  
number of employes as well as in the  
weekly earnings per employe, there  
was a considerable increase in the  
weekly earnings of all employes; or, in  
other words, in the amount of the  
weekly payroll. This increase was 8  
per cent in the establishments investi-  
gated."

"When the figures of this article  
relating to wages and hours of labor  
and those of the succeeding article  
relating to retail prices of food, due  
weight being given to the quantity and  
cost of the different commodities con-  
sumed were 6 per cent higher in 1905  
than in 1904. As the average wages  
per hour increased more than the re-  
tail prices of food, the purchasing  
power of wages increased. In 1905 the  
purchasing power of wages increased  
purchasing power of both hourly and  
weekly wages was 1 per cent higher  
than in 1904; or, expressed in other  
words, one hour's wages in 1905 would  
purchase 1 per cent more food than  
one hour's wages in 1904."

### BRYAN DEMONSTRATION.

Georgia Legislators and Audience  
Cheer Remarks of Blount.

Atlanta, Aug. 14.—An impromptu  
Bryan demonstration occurred in the  
hall of the house of representatives  
Monday night when former Federal  
Judge Blount, recently returned from  
the Philippine islands, on invitation,  
addressed the members of the legisla-  
ture on the subject of self government  
for the Philippine islands. During his  
address he quoted Senator Bailey of  
Texas as saying that there was not  
money enough in this country to pre-  
vent Bryan from becoming the next  
president, and added: "I pray to God  
the senator's prediction will be fulfill-  
ed."

An outburst of applause and hand  
clapping ensued, in which all legisla-  
tors and the entire audience joined,  
and continued for several minutes.  
Judge Blount was emphatic in his de-  
claration that the Philippines are as  
capable of self government as the Cu-  
bans.

### TO REVIEW FLEET.

Will Be the Largest Formation Under  
Flag of the United States.

Washington, Aug. 14.—Orders for  
the formation of the American fleet,  
to be reviewed by President Roosevelt  
at Oyster Bay Sept. 3, have been is-  
sued at the navy department. The  
president will be aboard the Mayflower,  
and the fleet which he will review  
will be the strongest, if not the larg-  
est in numbers, ever assembled under  
the United States flag. It will con-  
sist of forty-five vessels, carrying 1,178  
guns, commanded by 812 officers, with  
15,235 men.

The auxiliary and supply ships will  
carry in addition to what is aboard  
the warships, 7,400 tons of coal, 2,500  
tons of provisions and 850,000 gallons  
of water.

### GREAT GAS WELL.

Four Hundred Feet Deep and Flows  
Million Feet Per Day.

Huntsville, Ala., Aug. 14.—The New  
York-Alabama Oil company has  
brought in a gas well in West Hunts-  
ville at a depth of about 400 feet. The  
flow is estimated at more than 1,000,  
000 million feet daily. Drilling experts  
say it is coal gas. The new well was  
drilled as an experiment by the com-  
pany, which has already eight wells  
a few miles north of the city. Other  
wells will be drilled at once.

THE FARMER'S UNION.

Unable to Store Cotton in Bryan—Will  
Ship to Houston, Texas.

Officers from the various organi-  
zations of the Farmer's Union of  
Brazos county were here yesterday  
looking up the matter of storing  
their cotton for the present season.  
They were unable to make the nec-  
essary arrangements, not being  
able to secure a suitable place in  
the town and have decided to ship  
their cotton to the central ware-  
house at Houston.

Ten cents per pound has been  
made the basis for middling cotton  
and will hold for this price. In  
conversation with the President,  
Mr. J. H. White, we were informed  
that the membership of the organ-  
ization would exceed 200 and twice  
this number would be controlled by  
the members.

STATE FAIR RACES.

Great Horses Enter for the Big Purses  
and Stakes Hung Up by the  
Association.

The five big stake harness races  
to take place on the State Fair  
track in October next, have closed  
with a total of even one hundred  
entries, or twenty entries to the  
race. Entries in all other races  
are equally numerous. The State  
Fair management announces that  
it already has a greater number of  
horses in sight than it had on the  
grounds last year, and that ap-  
plication for stalls and entry  
blanks are still coming in. The  
meeting will, without doubt, be  
the greatest one ever held in the  
Southwest. The stakes and purses  
aggregate more than \$50,000, and  
there are nearly one hundred  
events on the program for the  
thirteen days. The stakes in the  
five big harness races are \$1200  
each.

Information Desired About Contracts  
For Chinese Laborers.

Washington, Aug. 14.—Scores of ap-  
plications for information concerning  
the proposed contract for 2,500 Chi-  
nese laborers have already reached the  
isthmian canal commission, and indi-  
cations are hundreds of persons are  
planning to make bids for this con-  
tract in the hope of realizing a small  
fortune from it, as several bidders did  
on the recent issue of Panama canal  
bonds. Prospective bidders without  
extensive financial backing will be  
much disappointed when specifica-  
tions for furnishing Chinese are made  
public. It will be required by the  
commission that a large certified  
check shall accompany each bid. The  
amount of this check will probably not  
be less than \$50,000 and bids not ac-  
companied by such guarantee of good  
faith will not be considered. Adver-  
tisements for proposals to supply  
Chinese laborers are to be published  
for thirty days and consequently no  
proposals will be opened before Sept.  
15 at the earliest.

Several months will be required to  
get the Chinese to this country after  
the contract has been awarded. Con-  
sequently the commission does not ex-  
pect to have Chinese labor on the  
isthmus before Jan. 1, 1907.

### THREE REMEMBERED.

Eulogies on Judge Reagan and  
Governors Lubbock and Hogg.  
Dallas, Aug. 14.—At the fair grounds  
auditorium Monday night an audience  
gathered to hear eulogies on three  
noted Texans who had passed to Eter-  
nity's shore—Judge John H. Reagan,  
ex-Governor Frank R. Lubbock and ex-  
Governor James Stephen Hogg. The  
orators, who bore tender tributes to  
the distinguished dead, were Hons.  
Yancey Lewis and M. H. Gossett of  
Dallas for Judge Reagan, Judge Nor-  
man G. Kittrell of Houston and Hon.  
Carlos Bee of San Antonio for ex-Gov.  
Lubbock and ex-United States Senator  
Chilton of Dallas and Judge James H.  
Robertson of Austin for Governor  
Hogg.

The widow of Judge Reagan was  
present, being escorted to the platform  
by Hon. Frank Andrews, the presiding  
officer.

In his tribute to the late J. S. Hogg  
Judge Robertson said among other  
things said as a leader his equal  
has rarely been known. What Robert  
Bruce was to Scotland, what Oliver  
Cromwell was to the common people of  
England, what Houston was to the men  
of the republic, and we might say what  
Moses was to Israel, James S. Hogg  
was to the plain people, the "bread  
winners of Texas."

Judge Kittrell spoke of the confi-  
dence Sam Houston had in F. R. Lub-  
bock, making him comptroller of the  
governor of Texas was referred to  
republic. The departed's career as  
war governor of Texas was referred  
to and his religious faith described as  
simple, serious and unquestioning.

In his remarks Hon. Yancey Lewis  
spoke of Judge Reagan's devotion  
to Hon. Jefferson Davis. "When a  
member of the Confederate cabinet  
Reagan," he said, "had insisted that  
Grant's army should be met by a con-  
centrated force and overthrown. Had  
his advice been followed there might  
have been no battle of Vicksburg nor  
of Gettysburg."

Judge Reagan's decision to remain  
with President Davis after the over-  
throw of the Confederacy, thus incur-  
ring the risk of imprisonment or  
death, was recounted and the speaker  
was applauded.

The statesman's action even in his  
declining years in devoting his services  
to the state rather than to selfish in-  
terests was described. His untiring  
efforts on behalf of the people when in  
his seventy-third year and a railroad  
commissioner received unstinted  
praise. The speaker closed by saying:  
"Truly may we say of him, as was said  
of another, 'His life was one long sac-  
rifice to duty.' No country ever had a  
nobler son; no cause a truer cham-  
pion."

### MYSTERIOUS DEATH.

Fleeing to Escape Assassination, Dr.  
Merrill Expires at Joplin, Mo.

Joplin, Mo., Aug. 14.—After fleeing  
from Indian Territory to escape assas-  
sination, Dr. George Merrill of Cedar,  
I. T., died in a hotel here Monday un-  
der mysterious circumstances. The  
hotel employees were attracted to his  
room by his screams for help, and be-  
fore aid arrived he died, apparently  
from the effects of poison. It is  
thought he poisoned himself, but the  
coroner is investigating the case.

Merrill said his daughter had been  
killed by her husband, who had also  
sworn to kill him, and he fled to es-  
cape death at the hands of his son-in-  
law.

### FOUGHT MISCREANT OFF.

Negro Alleged to Have Said He Was  
Drunk on Choctaw Beer.

South McAlester, Aug. 14.—During  
her husband's absence a negro entered  
the residence at Gowan of Mrs. Cou-  
dran and attempted to criminally as-  
sault her. Despite the fact that she  
had her baby in her arms the lady  
fought the negro off until assistance  
arrived. The miscreant was captured  
and brought here. He is alleged to  
have confessed and claims he was  
drunk on Choctaw beer.

ing of the association will be called for  
the purpose of selecting a proxy to at-  
tend the election of directors of the

### TWENTY-FIVE INJURED.

Katy Train and Frisco Locomotive  
Collide at Fort Scott Junction.

Sedalla, Mo., Aug. 14.—Twenty-five  
passengers were injured at Fort Scott  
Junction, Kan., early Tuesday in a  
collision between a Missouri, Kansas  
and Texas train and a Frisco switch  
engine. The injured passengers were  
in the chair car. The train had  
stopped at the Katy and Frisco cross-  
ing when the engine crashed into the  
chair car. The trucks were also  
knocked from under the Pullman  
sleepers. The most seriously injured  
are: Joseph Halleck, Susquehanna,  
Pa., engineer on Erie railroad, badly  
lacerated and fingers broken; Mrs.  
Joseph Halleck, arm severely cut; A.  
W. Ruland of South McAlester, seri-  
ously injured.

Others suffered bruises and minor  
cuts. They are not seriously hurt.

The passenger train was bound from  
Texas to St. Louis and was six hours  
late. The chair car turned complet-  
ely over, but the sleeper fell against a  
telegraph pole, which prevented its  
falling on its side. The injured were  
able to continue their journey after  
receiving attention. Physicians were  
sent from Fort Scott.

### NEARLY ALL FROM US.

Japan to Buy Three-Fourths of Cotton  
In This Country.

San Francisco, Aug. 14.—Yoshihiti  
Sakuri, who has just arrived from  
Japan in the interest of cotton mer-  
chants of his country, speaking of  
trade of United States with Japan,  
says that in the next ten years Japan  
will get over three-fourths of her cot-  
ton from the United States.  
"Last year Japan used over 1,000,000  
bales of cotton and only one-fourth  
of that was from the United States.  
The rest came from the cotton fields  
of India and Asia. This cotton is very  
inferior to that which comes to Japan  
from the southern states and all fine  
work is made with cotton from the  
United States. The other is found to  
be much coarser and rots easier. Jap-  
anese realize the superiority of the  
American article and all first-class  
cotton weavers are coming to use it.  
The export of cotton from the United  
States to Japan is bound to increase  
enormously in the next few years," he  
says.

### SHOT UP TOWN.

Negro Soldiers at Brownsville Disturb  
the Peace of That Place.

Austin, Aug. 14.—Adjutant General  
Hulen received a telegram from  
Brownsville signed by County Judge  
Bartlett, Mayor Combe and other  
prominent citizens of that place ad-  
vising him that the negro troops sta-  
tioned there broke loose from the gar-  
rison and shot up the town. One man  
was killed and another seriously  
wounded. The Brownsville citizens  
appealed to General Hulen to send an  
armed force there to suppress the ne-  
gro troops. General Hulen said that  
the matter would be given attention  
and he at once began communicating  
with the proper authorities in the mat-  
ter.

### STUBBS STAYS.

"Until Kicked Out."

New York, Aug. 14.—J. C. Stubbs  
said there was no truth in the report  
that he was going to leave the Harri-  
man system to take up railroad work  
in London. Mr. Stubbs said he was  
going to stay with the Harriman sys-  
tem "until kicked out." He said also  
that so far as he knew Mr. Sproule  
was not going to succeed him as traf-  
fic director. From another source it  
was learned that Mr. Sproule will  
leave the Harriman system to go with  
another railroad company, but the  
name is not disclosed.

### Kills Husband to Save Herself.

ohue, a wealthy farmer, was shot and
